Discussed having every Board member on the check signing paper at the bank. We need to put Nate Waldschmidt, Jeremiah Samuelson and Josh Brown added to the sign paper. Will take copy of minutes to the Benson Flanagan Bank with the added names and Nate, Jeremiah and Josh will need to go to bank and sign the papers.

Tornado Siren is up and running. We will have fliers made up to put around town and also will put a notice on water bills going out July 1st with information for village residents that we have a working tornado siren. Inform them that the tornado siren will go off on every 1st Tuesday @ 10am of every month for civil test. Chris will go to Woodford County and sign papers for Woodford County to release them from any legalities if for some reason the siren does not go off for warning. This has to be signed every year as a precaution.

Discussed the green highway 150th signs that would go on each end of town on the highway. These can stay up forever if we choose. Chris is working on information on this application.

Hot water heater is not working at park. Heineke Electric is ordering us a new one to be installed.

Chris went to Valley Sand & Gravel Co. and picked up a 1,200 lb rock they donated too have engraved for the 150th, to be placed at the park.

Chris has an appointment with a tree trimming company. Beyers Tree Service which we always use is busy until August.

Roger had information on the garbage issue at the Fowler Apts. Residents were complaining they had seen rats over there. Roger had the garbage company come and haul all the garbage away.
