Discussed St Paul Lutheran Church sidewalk. The church is going to fix their sidewalk at their expense and the towns adjoining sidewalk that will be destroyed in the process of fixing theirs.

Discussed the EPA's request to inspect all the supply lines in every house for lead. This is an EPA regulation.

This has to be finished by April 2023. A letter of explanation and instructions will be sent to residents. If residents can't inspect their own then we will have somebody do it for them. If they don't comply by deadline then we as a village cannot supply the house with water from the town.

Chris talked with K&T (Shane) disposal about making sure he had the right address for extra garbage.

As of this meeting there are 6 unpaid water bills. Chris will speak with Erik Gerdes to get these shut off.
